- Teamwork
- Adaptability
- Critical thinking

PROFILE

Information Systems student with practical experience in web and mobile development, using modern technologies such as React Native, Node.js and Firebase. I'm looking for an internship opportunity to apply my knowledge, improve my skills and collaborate in the development of creative and efficient solutions for innovative projects.

EXPERIENCE

Trainee

Development of Native Mobile Applications using React Native, focusing on the integration of APIs and Web Services for dynamic functionalities. Expertise in analyzing and solving problems, ensuring the functionality and efficiency of applications.

PERSONAL PROJECTS

Personal Portfolio Website

Website developed in React and styled with TailwindCSS, designed to present a complete portfolio, bringing together the projects carried out throughout the semester. The focus is on modern design and intuitive navigation.

Halloween website

Halloween themed website developed in Vuejs styled with TailwindCSS, focused on improving technical skills and exploring technology features. The project was presented as an academic work to colleagues, highlighting creativity and practical application.

Tic Tac Toe Website

Tic-tac-toe game developed in React and styled with TailwindCSS, created to demonstrate in a practical way the functionalities and advantages of TailwindCSS. The project was presented to colleagues as part of an explanatory activity.
